Database of Domain Interactions and Bindings

RRID:SCR_008100

Type: Tool

Proper Citation

Database of Domain Interactions and Bindings (RRID:SCR_008100)

Resource Information

URL: <http://domine.utdallas.edu/cgi-bin/Domine?page=help>

Proper Citation: Database of Domain Interactions and Bindings (RRID:SCR_008100)

Description: DDIB collects information of domain-domain interactions and domain interactions with biological molecules such as RNA, DNA, peptides, inorganic ions, phospholipids and cholesterol. Most of the data were extracted automatically from publication abstracts in MEDLINE, and the rest were collected from other public databases, research laboratories and individual scientists. In addition, DDIB includes many putative domain-domain interactions inferred from documented protein-protein interactions. To provide comprehensive knowledge of a domain, DDIB also integrates relevant information from PFAM, InterPro, GO and KEGG databases.

Synonyms: DDIB

Resource Type: database, data or information resource

Keywords: cholesterol, dna, domain-domain interaction, inorganic ion, molecule, peptide, phospholipid, rna

Resource Name: Database of Domain Interactions and Bindings

Resource ID: SCR_008100

Alternate IDs: nif-0000-20833

Record Creation Time: 20220129T080245+0000

Record Last Update: 20260725T191154+0000

Ratings and Alerts

No rating or validation information has been found for Database of Domain Interactions and Bindings.

No alerts have been found for Database of Domain Interactions and Bindings.
