CELLO

RRID:SCR_011968

Type: Tool

Proper Citation

CELLO (RRID:SCR_011968)

Resource Information

URL: <http://cello.life.nctu.edu.tw/>

Proper Citation: CELLO (RRID:SCR_011968)

Description: A subCELLular Localization predictor based on a multi-class support vector machine (SVM) classification system. CELLO uses 4 types of sequence coding schemes: the amino acid composition, the di-peptide composition, the partitioned amino acid composition and the sequence composition based on the physico-chemical properties of amino acids. They combine votes from these classifiers and use the jury votes to determine the final assignment.

Abbreviations: CELLO

Synonyms: CELLO: subCELLular Localization predictor

Resource Type: analysis service resource, data analysis service, production service resource, service resource

Defining Citation: [PMID:15096640](#)

Keywords: dna, protein, proteomic, genomic

Availability: Acknowledgement requested

Resource Name: CELLO

Resource ID: SCR_011968

Alternate IDs: OMICS_01618

Record Creation Time: 20220129T080307+0000

Record Last Update: 20260829T183025+0000

Ratings and Alerts

No rating or validation information has been found for CELLO.

No alerts have been found for CELLO.
