Proper Citation: Oregon Brain Bank (RRID:SCR_013085)

Description: Brain bank that harvests, banks and disperses postmortem tissue for use in brain and medical research. It also provides neuropathologic diagnoses of organic dementia in a cohort of NIH sponsored research subjects. The bank includes tissue primarily from patients with Alzheimer's but also includes Huntington's, Parkinson's, and other disorders.

Synonyms: Oregon Brain Bank: Human tissue repository for neurodegenerative research studies

Resource Type: biomaterial supply resource, material resource

Keywords: neurodegenerative research, postmortem, tissue, neurodegenerative, neurodegenerative disease, alzheimer's disease, huntington's disease, parkinson's disease, amyotrophic lateral sclerosis, multiple sclerosis, control, tissue, brain tissue, left hemisphere, right hemisphere, white matter, deep gray structure, brainstem, cerebellum, spinal cord, late adult human, flash frozen, formalin-fixed, stained, brain bank, research, medical

Related Condition: Alzheimer's disease, Huntington's disease, Parkinson's disease, Amyotrophic Lateral Sclerosis, Multiple Sclerosis, Dementia, Neurodegenerative disease, Aging

Availability: According to established protocols, For use in neurodegenerative research

Resource Name: Oregon Brain Bank

Resource ID: SCR_013085

Alternate IDs: nlx_35532

Record Creation Time: 20220129T080314+0000

Record Last Update: 20260725T191253+0000
