Seq-Gen

RRID:SCR_014934

Type: Tool

Proper Citation

Seq-Gen (RRID:SCR_014934)

Resource Information

URL: <http://tree.bio.ed.ac.uk/software/seqgen/>

Proper Citation: Seq-Gen (RRID:SCR_014934)

Description: Software program that simulates the evolution of nucleotide or amino acid sequences along a phylogeny using common models of the substitution process. A range of models of molecular evolution are implemented, including the general reversible model. State frequencies and other parameters of the model may be given and site-specific rate heterogeneity may also be incorporated in a number of ways. Any number of trees may be read in and the program will produce any number of data sets for each tree.

Resource Type: simulation software, software application, software resource

Defining Citation: [DOI:10.1093/bioinformatics/13.3.235](https://doi.org/10.1093/bioinformatics/13.3.235)

Keywords: simulator, simulation software, molecular evolution, nucleotide, amino acid, sequence, phylogeny, phylogenetic tree

Funding: Wellcome Trust ;
BBSRC ;
Fogarty ;
The Royal Society

Availability: Available for download

Resource Name: Seq-Gen

Resource ID: SCR_014934

Alternate IDs: OMICS_15373

Alternate URLs: <https://sources.debian.org/src/seq-gen/>

Record Creation Time: 20220129T080323+0000

Ratings and Alerts

No rating or validation information has been found for Seq-Gen.

No alerts have been found for Seq-Gen.
