ReBATE

RRID:SCR_017139

Type: Tool

Proper Citation

ReBATE (RRID:SCR_017139)

Resource Information

URL: <https://github.com/EpistasisLab/ReBATE>

Proper Citation: ReBATE (RRID:SCR_017139)

Description: Open source software Python package to compare relief based feature selection algorithms used in data mining. Used for feature selection in any bioinformatics problem with potentially predictive features and target outcome variable, to detect feature interactions without examination of all feature combinations, to detect features involved in heterogeneous patterns of association such as genetic heterogeneity .

Synonyms: Relief Based Algorithm Training Environment

Resource Type: software toolkit, software resource

Defining Citation: [PMID:30030120](#)

Keywords: compare, relief, feature, algorithm, data, mining, variable, heterogeneous, pattern, genetic

Funding: NIAID AI116794;
