Proper Citation: University of Pennsylvania Perelman School of Medicine Metabolomics Core Facility (RRID:SCR_022381)

Description: Core is overseen by Cardiovascular Institute and is partnership with the Abramson Cancer Center and the Institute for Diabetes, Obesity and Metabolism at Penn. Provides expertise in targeted and untargeted metabolomics of biological samples using liquid chromatography/mass spectrometry. Performs assays and assists in interpretation of results.

Synonyms: University of Pennsylvania Perelman School of Medicine Metabolomics Core, Metabolomics Core

Resource Type: access service resource, core facility, service resource

Keywords: USEDit, ABRF
