scCustomize

RRID:SCR_024675

Type: Tool

Proper Citation

scCustomize (RRID:SCR_024675)

Resource Information

URL: <https://samuel-marsh.github.io/scCustomize/>

Proper Citation: scCustomize (RRID:SCR_024675)

Description: Software R package for custom visualizations and functions for streamlined analyses of single cell sequencing.

Resource Type: software resource, software toolkit

Keywords: custom visualizations, single cell sequencing, single cell sequencing analysis,

Availability: Free, Available for download, Freely available

Resource Name: scCustomize

Resource ID: SCR_024675

Alternate URLs: <https://CRAN.R-project.org/package=scCustomize>,
<https://github.com/samuel-marsh/scCustomize>, <https://doi.org/10.5281/zenodo.5706430>

License: GNU GPL v3.0

Record Creation Time: 20231107T050233+0000

Record Last Update: 20260919T195624+0000

Ratings and Alerts

No rating or validation information has been found for scCustomize.

No alerts have been found for scCustomize.

Data and Source Information

Usage and Citation Metrics

We found 100 mentions in open access literature.

Listed below are recent publications. The full list is available at [nidm-terms](#) .

Murrey MW, et al. (2026) The myeloid SRC family kinase HCK regulates breast cancer growth by activating tumor-associated macrophage-led invasion and inhibiting cytotoxic T cell activity. *Frontiers in immunology*, 17, 1709102.

Shi H, et al. (2026) Chemotherapy-induced reactive myelopoiesis promotes expansion of immunosuppressive neutrophil-like monocytes in mice and humans. *JCI insight*, 11(10).
