Description: Whole brain developmental map of neuronal circuit maturation. Generated by whole brain spatiotemporal mapping of circuit maturation during early postnatal development. Standard reference for normative developmental trajectory of neuronal circuit maturation, as well as high throughput platform to pinpoint when and where circuit maturation is disrupted in mouse models of neurodevelopmental disorders, such as fragile X syndrome.

Synonyms: Developmental Activation Timing-based Longitudinal Acquisition System

Resource Type: data or information resource, atlas, reference atlas

Defining Citation: [PMID:38260331](#)

Keywords: Whole brain developmental map, neuronal circuit maturation, whole brain spatiotemporal mapping, circuit maturation, early postnatal development, mouse models of neurodevelopmental disorders,
