Proper Citation: BIDMC Division of Digital Psychiatry LAMP platform Core Facility (RRID:SCR_027767)

Description: Core collects data to capture and consider the real-time lived experiences of patients. Uses open-source digital platform and mobile app for neuropsychiatric research and clinical care, to monitor, support, and improve brain health by collecting real-time data (like location, activity, heart rate via sensors), conducting digital assessments (surveys, cognitive tests), and delivering interventions (meditation, journaling, psychoeducation) to patients and clinicians. It helps study behavioral patterns, track symptoms, and personalize mental health treatment through features organized around Learn, Assess, Manage, and Prevent.

Synonyms: mindLAMP, BIDMC mindLAMP, Beth Israel Deaconess Medical Center mindLAMP

Resource Type: access service resource, core facility, data or information resource, service resource

Keywords: ABRF, study behavioral patterns, track symptoms, personalize mental health treatment, data, neuropsychiatric research and clinical care management platform, run remote smartphone-based research studies,

Resource Name: BIDMC Division of Digital Psychiatry LAMP platform Core Facility
