[Plat^{tm1Mlg}/Plat^{tm1Mlg}](#)

RRID:MGI:3526398

Type: Organism

Proper Citation

RRID:MGI:3526398

Organism Information

URL:

Proper Citation: RRID:MGI:3526398

Description: Allele Detail: Targeted This is a legacy resource.

Species: Mus musculus

Notes: Allele Detail: Targeted This is a legacy resource.

Phenotype: chronic joint inflammation, abnormal acute phase protein level, abnormal cytokine level, arthritis, joint swelling, absent long term depression, reduced thrombolysis, decreased anxiety-related response, impaired synaptic plasticity, increased circulating corticosterone level, decreased vertical activity, abnormal contextual conditioning behavior, decreased exploration in new environment, reduced long term potentiation, decreased dopamine level, impaired conditioned place preference behavior, impaired behavioral response to morphine, muscle phenotype, decreased anxiety-related response, impaired synaptic plasticity, increased circulating corticosterone level, abnormal active avoidance behavior, abnormal cued conditioning behavior, behavior/neurological phenotype, abnormal motor learning

Affected Gene: Plat

Genomic Alteration: tm1Mlg

Catalog Number: 3526398

Background: B6.Cg-Plat

Database: MGI, Mouse Genome Informatics MGI

Database Abbreviation: MGI

Availability: Availability unknown check source stock center
