## pOpen-GBDpol (exo)

RRID:Addgene\_165572

Type: Plasmid

### Proper Citation

RRID:Addgene\_165572

### Plasmid Information

**URL:** <http://www.addgene.org/165572>

**Proper Citation:** RRID:Addgene\_165572

**Insert Name:** Pyrococcus Sp. Heat-Stable (exo-) DNA Polymerase

**Organism:** Other

**Bacterial Resistance:** Ampicillin

**Vector Backbone Description:** Vector Backbone:pBuild; Vector Types:Synthetic Biology; Bacterial Resistance:Ampicillin

**Comments:** Robust and extremely thermostable polymerase with a half-life of 23 hours at 95 degrees C; offers 5x higher fidelity than Taq and robust performance. Ideal for GC-rich or looped sequences. Lacks exonuclease activity. Comparable to Deep Vent (exo-) DNA Polymerase at NEB. The plasmids in the Open Enzyme collection contain genetic parts and are not functional by themselves. Researchers can clone these enzymes into an expression vector of their choice and then transform into E. coli bacteria for expression and purification. Additional information can be found at <https://www.addgene.org/depositor-collections/open-enzyme/>.

**Plasmid Name:** pOpen-GBDpol (exo)

**Record Creation Time:** 20220422T221934+0000

**Record Last Update:** 20260902T042702+0000

### Ratings and Alerts

No rating or validation information has been found for pOpen-GBDpol (exo).

No alerts have been found for pOpen-GBDpol (exo).
