pRSET-RCaMP1h

RRID:Addgene_42874

Type: Plasmid

Proper Citation

RRID:Addgene_42874

Plasmid Information

URL: <http://www.addgene.org/42874>

Proper Citation: RRID:Addgene_42874

Insert Name: Red Fluorescent Calcium binding Protein

Organism: Rattus norvegicus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:23459413](#)

Vector Backbone Description: Backbone Marker:Life Technologies (Invitrogen); Backbone Size:2753; Vector Backbone:pRSETA; Vector Types:Bacterial Expression; Bacterial Resistance:Ampicillin

Comments: Gene was cloned using BamHI and HindIII - But part of the vector backbone then becomes part of the protein (leader sequence containing histag) - using NdeI and HindIII will completely remove the open reading frame/gene.

Plasmid Name: pRSET-RCaMP1h

Record Creation Time: 20220422T222221+0000

Record Last Update: 20260725T074705+0000

Ratings and Alerts

No rating or validation information has been found for pRSET-RCaMP1h.

No alerts have been found for pRSET-RCaMP1h.

Data and Source Information

Source: [Addgene](#)

Usage and Citation Metrics

We found 7 mentions in open access literature.

Listed below are recent publications. The full list is available at [PRECISE-TBI](#) .
