Generated by PRECISE-TBI on Aug 1, 2026

Research Services Branch National Institutes of Mental Health

RRID:SCR_001633

Type: Tool

Proper Citation

Research Services Branch National Institutes of Mental Health (RRID:SCR_001633)

Resource Information

URL: <http://rsb.info.nih.gov/>

Proper Citation: Research Services Branch National Institutes of Mental Health (RRID:SCR_001633)

Description: Portal for NIH, NIMH, and NINDS scientific and computer resources including Mac sites, PC sites, Linux sites, intramural programs, intranet and the NIH JumpStart and Directory.

Abbreviations: RSB

Synonyms: Research Services Branch National Institutes of Mental Health National Institutes of Neurological Disorders and Stroke

Resource Type: portal, data or information resource

Keywords: mac, pc, linux

Funding: NIMH ;
NINDS

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Research Services Branch National Institutes of Mental Health

Resource ID: SCR_001633

Alternate IDs: nlx_156832

Record Creation Time: 20220129T080208+0000

Record Last Update: 20260801T190821+0000

Ratings and Alerts

No rating or validation information has been found for Research Services Branch National Institutes of Mental Health.

No alerts have been found for Research Services Branch National Institutes of Mental Health.

Usage and Citation Metrics

We found 547 mentions in open access literature.

Listed below are recent publications. The full list is available at [PRECISE-TBI](#) .

Albarracin Melo LT, et al. (2025) The immunosuppressive effect of glucocorticoids in human primary T cells is mainly mediated via a rapid inhibition of the IL-2/IL-2R signaling axis. Cell communication and signaling : CCS, 23(1), 268.

Yu J, et al. (2025) The effects of fixation stability, corneal density, and epithelial hyperplasia on the efficacy of astigmatism correction by transepithelial photorefractive keratectomy. Eye and vision (London, England), 12(1), 21.

Bigi A, et al. (2024) A single-domain antibody detects and neutralises toxic A β 42 oligomers in the Alzheimer's disease CSF. Alzheimer's research & therapy, 16(1), 13.

Shi H, et al. (2024) MoAti1 mediates mitophagy by facilitating recruitment of MoAtg8 to promote invasive growth in Magnaporthe oryzae. Molecular plant pathology, 25(3), e13439.

Díaz-Pino R, et al. (2024) Type I interferon regulates interleukin-1 β and IL-18 production and secretion in human macrophages. Life science alliance, 7(6).

Jansson KP, et al. (2024) Osteopontin deletion attenuates cyst growth but exacerbates fibrosis in mice with cystic kidney disease. Physiological reports, 12(17), e70038.

Urdin-Bravo M, et al. (2024) Effect of Higher Ethylene Levels Emitted by Shade-Avoider Plants on Neighboring Seedlings. Plants (Basel, Switzerland), 13(22).

Pastor-Andreu P, et al. (2024) Temporal and spatial frameworks supporting plant responses to vegetation proximity. Plant physiology, 196(3), 2048.

Mazoyon C, et al. (2023) Sphingomonas sediminicola Dae20 Is a Highly Promising Beneficial Bacteria for Crop Biostimulation Due to Its Positive Effects on Plant Growth and Development. Microorganisms, 11(8).

Rojas Moreno MM, et al. (2023) Expression of EPL1 from *Trichoderma atroviride* in *Arabidopsis* Confers Resistance to Bacterial and Fungal Pathogens. *Plants* (Basel, Switzerland), 12(13).

Wang XR, et al. (2023) Silk Nanofibril-Palygorskite Composite Membranes for Efficient Removal of Anionic Dyes. *Nanomaterials* (Basel, Switzerland), 13(2).

Mela V, et al. (2023) Acute Stress, Induced by IFN γ + A β , and Chronic Stress, Induced by Age, Affect Microglia in a Sex-Specific Manner. *Molecular neurobiology*, 60(6), 3044.

Wen H, et al. (2023) Sucrose non-fermenting protein kinase gene *UvSnf1* is required for virulence in *Ustilago violacea*. *Virulence*, 14(1), 2235460.

Park H, et al. (2023) A three-dimensional spheroid co-culture system of neurons and astrocytes derived from Alzheimer's disease patients for drug efficacy testing. *Cell proliferation*, 56(6), e13399.

Loffing J, et al. (2023) Pendrin abundance, subcellular distribution, and function are unaffected by either ENaC gene ablation or by increasing ENaC channel activity. *Pflügers Archiv : European journal of physiology*, 475(5), 607.

Lee DG, et al. (2022) Preventive Effects of a Human Hematopoietic Mesenchymal Stem Cell (hHMSC) Therapy in Ovalbumin-Induced Food Allergy. *Biomedicines*, 10(2).

Mela V, et al. (2022) Mitochondrial Homeostasis in Obesity-related Hypertriglyceridemia. *The Journal of clinical endocrinology and metabolism*, 107(8), 2203.

Novy MJ, et al. (2022) Expression and proteolytic processing of the amyloid precursor protein is unaffected by the expression of the three human apolipoprotein E alleles in the brains of mice. *Neurobiology of aging*, 110, 73.

Pietrobono S, et al. (2022) p38 MAPK-dependent phosphorylation of transcription factor SOX2 promotes an adaptive response to BRAF inhibitors in melanoma cells. *The Journal of biological chemistry*, 298(9), 102353.

Pivetta E, et al. (2022) EMILIN-1 deficiency promotes chronic inflammatory disease through TGF β signaling alteration and impairment of the α 1 β 1 integrin interaction. *Matrix biology : journal of the International Society for Matrix Biology*, 111, 133.
