Proper Citation: CBU Imaging Wiki (RRID:SCR_003014)

Description: Portal where neuroimaging studies are carried out using a Siemens 3T Tim Trio Magnetic Resonance Imaging (or MRI) scanner that is wholly dedicated to studies in Cognitive Neuroscience. From emotions and memories to language and learning, functional neuroimaging is being applied in many different areas of Cognitive Neuroscience. In many cases, this research relies upon support from healthy volunteers although neuroimaging studies are also being conducted in various clinical populations, including depression, anxiety, Parkinson's disease and Alzheimer's disease.

Abbreviations: CBU Imaging Wiki

Synonyms: CBUImaging, MRC CBU Imaging Wiki, MRC Cognition and Brain Sciences Unit Imaging Wiki, Cognition and Brain Sciences Unit Imaging Wiki

Resource Type: topical portal, data or information resource, portal

Keywords: neuroimaging, cognitive neuroscience, mri, scanner, neuroscience, emotion, memory, language, learning, functional neuroimaging, clinical, population, human, analysis, software, disease, brain, imaging, fmri, cognition

Related Condition: Depressive Disorder, Anxiety, Parkinson's disease, Alzheimer's disease

Funding: MRC

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: CBU Imaging Wiki

Resource ID: SCR_003014

Alternate IDs: nif-0000-30307

Record Creation Time: 20220129T080216+0000

Record Last Update: 20260731T042639+0000
