Proper Citation: NeuroTrends (RRID:SCR_003921)

Description: Service that extracts and analyzes methodological information from thousands of published studies across the functional neuroimaging literature. It currently offers searching articles by methodological choices, visualization of methods trends over time, and extraction of methods information from text. It currently includes 282,476 methodological details about 21,562 articles, published between 1992 and 2014. (2014) * Search for articles by title, authors, and methods. * Interactive visualizations of methodological parameters over time, by author, and more. * All data are programmatically accessible through a simple application programming interface. It's simple to re-analyze the data or integrate with your own application.

Abbreviations: NeuroTrends

Synonyms: NeuroTrends - Uncovering methodological trends in Functional MRI research

Resource Type: software resource, data access protocol, service resource, web service

Keywords: fmri, neuroimaging, methodology, visualization, extraction, trend

Resource Name: NeuroTrends

Resource ID: SCR_003921

Alternate IDs: nlx_158295

Record Creation Time: 20220129T080221+0000

Record Last Update: 20260801T042541+0000
