Proper Citation: Greek Association of Alzheimers Disease and Related Disorders (RRID:SCR_003938)

Description: A non-profit organization whose aim is to offer advice concerning the care of Alzheimer's disease patients, information and services for the people affected and their families. Also, to offer mutual help to the family members of the patients in order to reduce the social, economic and emotional cost deriving from the long care of people suffering from dementia. Lastly, the association attempts to publicize the social needs of the population affected and to inform the public in order to be acquainted with the problem. The mission of the Greek Association of Alzheimer's Disease is * the early diagnosis of dementia by scientists * the promotion of research * education and training for all the stakeholders * the development of Care Units for patients with Alzheimer's Disease * the provision of useful information and advise (24 hour help-line) on dementia problems (caring, legal or financial issues) * the presentation of lectures by health professionals and informal carers, covering all aspects of Alzheimer Disease * and the development of professional seminars during the whole year.
