Proper Citation: DCI Donor Services (RRID:SCR_004554)

Description: An affiliation of organ and tissue recovery organizations across the United States that is committed to saving and improving lives by connecting one life to another through donation and transplantation. DCI Donor Services (DCIDS) supports families who have sustained the loss of a loved one by providing an opportunity for organ, eye and tissue donation and by facilitating the recovery and transplantation of these gifts to help others in need. They also provide after-care support to donor families while at the same time working to inspire universal acceptance of donation throughout the hospitals and communities we serve to ensure every person in need receives the Gift of Life.
