Proper Citation: Competence Network on Parkinson's Disease (RRID:SCR_005013)

Description: A medical network comprised of university clinics, special clinics, and special practices working together to collect data, gene samples, and execute clinical trials in order to bring about diagnoses and therapy methods. Research projects are done in cure research, diagnostic and therapeutic research. The care network includes university clinics, town clinics, special clinics for Parkinson's disease, specialists, and general practitioners.
