George E. Palade EM Slide Collection. (RRID:SCR_008675)

Resource Information

URL: <http://cushing.med.yale.edu/gsd/cgi-bin/library>

Proper Citation: George E. Palade EM Slide Collection. (RRID:SCR_008675)

Description: The images in this collection are derived from high resolution scans of glass 3.25 X 4 inch lantern slides that were part of a large collection of slides covering his years at the Rockefeller University and Yale University School of Medicine. These selected images were scanned by James D. Jamieson, M.D., Ph.D., a student of Palade. The images also include some of the earliest electron micrographs taken by collaborators of George Palade both at the Rockefeller University (1945 - 1973) and at Yale (1973 - 1990). They include micrographs taken by Professor Marilyn Farquhar, Ph.D., whose studies elucidated the function of the glomerular basement membrane in renal filtration. There are 5 ways to find information in this collection: search for particular words that appear in the text by clicking the Search button; browse documents by Title by clicking the Titles button; browse documents by Subject by clicking the Subjects button; browse documents by Creator by clicking the Creators button, and browse documents by References by clicking the References button. Sponsors: This collection is the result of a collaboration between James D. Jamieson, M.D., Ph.D., Professor, Dept. of Cell Biology, and Arthur R. Belanger, OBE, Systems Manager, Harvey Cushing/John Hay Whitney Medical Library, both at the Yale University School of Medicine.

Synonyms: EM Slide Collection

Resource Type: data or information resource, database

Keywords: electron micrograph, em, resolution, image, slide

Resource Name: George E. Palade EM Slide Collection.
