Proper Citation: PEDVIZAPI (RRID:SCR_009325)

Description: A Java Api for the visual analysis of large and complex pedigrees that provides all the necessary functionality for the interactive exploration of extended genealogies. Available packages are mostly focused on a static representation or cannot be added to an existing application; the goal of this open-source library is to provide an application program interface that enables the efficient construction of visual analytic applications for the analysis of family based data. (entry from Genetic Analysis Software)

Abbreviations: PEDVIZAPI

Synonyms: PEDegree Visualization API

Resource Type: software resource, software application

Keywords: gene, genetic, genomic, java, r

Resource Name: PEDVIZAPI

Resource ID: SCR_009325
