Type: Tool

Proper Citation

UConn High-Throughput Screening Facility (RRID:SCR_012344)

Resource Information

URL: <http://www.scienceexchange.com/facilities/high-throughput-screening-facility>

Proper Citation: UConn High-Throughput Screening Facility (RRID:SCR_012344)

Description: The University of Connecticut High-Throughput Screening Facility (HTS Facility) was established in 2011 with funding awarded through the University's Major Equipment Competition. Over the last 20 years, high-throughput screening has become an integral tool utilized by both pharmaceutical industry and academic institutions to identify new lead compounds for drug development. The HTS Facility is comprised of integrated instrumentation dedicated to aiding researchers in the small molecule screening and drug discovery process.

Abbreviations: UConn HTS Facility

Synonyms: UConn Biotechnology - Bioservices Center High-Throughput Screening Facility, University of Connecticut High-Throughput Screening Facility, University of Connecticut Biotechnology - Bioservices Center High-Throughput Screening Facility

Resource Type: core facility, service resource, access service resource

Keywords: high throughput screening, liquid handling, microplate

Resource Name: UConn High-Throughput Screening Facility

Resource ID: SCR_012344

Alternate IDs: SciEx_11965

Record Creation Time: 20220129T080309+0000

Record Last Update: 20260731T042845+0000

Ratings and Alerts

No rating or validation information has been found for UConn High-Throughput Screening Facility.

No alerts have been found for UConn High-Throughput Screening Facility.
