**Proper Citation:** Mayo Clinic Proteomics Core Facility (RRID:SCR\_012653)

**Description:** Proteomics involves analysis and identification of protein structure and function. Through Proteomics Core, investigators at Mayo Clinic and elsewhere have access to a broad range of proteomics services, technologies and guidance to help them answer scientific questions. Toward a goal of improving patient care, the core offers services and conducts research in the areas of mass spectrometry-based differential proteomics, peptide synthesis, protein and peptide purification, and protein identification, characterization and expression.

**Synonyms:** Mayo Clinic Proteomics Core

**Resource Type:** core facility, service resource, access service resource
