Proper Citation: Wake Forest University Pharmacology (RRID:SCR_013111)

Description: The pursuit of the Department of Physiology & Pharmacology at Wake Forest University School of Medicine is excellence in research and education. Graduate education and training includes quality introductory and advanced courses in physiology, pharmacology and neuroscience, as well as seminars and journal clubs in several major research areas. Laboratory rotations encourage the graduate student to explore various experimental approaches and provide a diverse training experience. The department and Medical Center are frequented by distinguished visitors from other universities who further enrich the stimulating academic environment. Departmental faculty are active in the medical education as well as in residency training programs in Neurology, Psychiatry, Urology, and Surgery.
