USC Liver Transplant Program and Center for Liver Disease Cell Separation and Culture Core

RRID:SCR_015233

Type: Tool

Proper Citation

USC Liver Transplant Program and Center for Liver Disease Cell Separation and Culture Core (RRID:SCR_015233)

Resource Information

URL: <https://keck.usc.edu/liver-diseases-research-center/about-the-center/scientific-cores/>

Proper Citation: USC Liver Transplant Program and Center for Liver Disease Cell Separation and Culture Core (RRID:SCR_015233)

Description: Core facility which provides primary hepatocytes cultures of normal and diseased mice and rats and various cell lines to investigators. The cell separation subcore plays a role in translational research in DILI and alcoholic hepatitis, supporting funded studies of the role of innate and adaptive immune systems in elucidating pathophysiology, identifying biomarkers, and predicting response to treatments.

Resource Type: resource, core facility, service resource, access service resource

Keywords: cell separation, cell culture, liver cell lines

Related Condition: liver disease

Funding: NIDDK P30DK048522

Availability: Available to the research community

Resource Name: USC Liver Transplant Program and Center for Liver Disease Cell Separation and Culture Core

Resource ID: SCR_015233

Alternate URLs: <http://keck.usc.edu/liver-diseases-research-center/about-the-center/>

Record Creation Time: 20220129T080324+0000

Record Last Update: 20260731T042926+0000

Ratings and Alerts

No rating or validation information has been found for USC Liver Transplant Program and Center for Liver Disease Cell Separation and Culture Core .
