Proper Citation: Washington University Digestive Diseases Research Core Center Biobank Core (RRID:SCR_015256)

Description: Core facility that collects and provides specimens and longitudinal clinical data from patients with digestive diseases. Specimens collected and processed by the core currently include blood, surgical resections, endoscopic biopsies, and stool. Clinical information is stored in a database and linked to specimens and data obtained from these specimens.

Resource Type: resource, core facility, service resource, access service resource

Keywords: biospecimen, sample provider, biological sample service, clinical data database

Related Condition: digestive disease

Funding: NIDDK P30DK052574

Availability: Open

Resource Name: Washington University Digestive Diseases Research Core Center Biobank Core

Resource ID: SCR_015256

Alternate IDs: ABRF_5989

Alternate URLs: https://coremarketplace.org/RRID:SCR_015256/?citation=1

Record Creation Time: 20220129T080324+0000

Record Last Update: 20260731T042938+0000

Ratings and Alerts

No rating or validation information has been found for Washington University Digestive Diseases Research Core Center Biobank Core .

No alerts have been found for Washington University Digestive Diseases Research Core Center Biobank Core .
