Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility

RRID:SCR_017866

Type: Tool

Proper Citation

Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility
(RRID:SCR_017866)

Resource Information

URL: <http://xray.facilities.northwestern.edu/>

Proper Citation: Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility
(RRID:SCR_017866)

Description: Core provides general purpose x-ray equipment for diffraction and fluorescence studies. Examples of current measurements are: powder diffraction, single-crystal diffraction, thin-film reflectivity, thin-film diffraction, crystal truncation rod scattering, small angle scattering, Laue diffraction, residual stress, pole figures, EDX-ray fluorescence, x-ray standing waves, high-resolution x-ray diffraction, and grazing incidence small angle scattering.

Abbreviations: X-RAY

Synonyms: Jerome B.Cohen X-Ray Diffraction Facility

Resource Type: core facility, service resource, access service resource

Keywords: X-ray, diffraction, equipment, powder, single, crystal, thin, film, reflectivity, truncation, rod, scattering, small, angle, service, core

Funding: NSF DMR 1720139;
NSF ECCS 1542205;
Materials Research Center of Northwestern University

Availability: Open

Resource Name: Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility

Resource ID: SCR_017866

Alternate IDs: ABRF_3229

Alternate URLs: <https://coremarketplace.org/?FacilityID=3229&citation=1>

Record Creation Time: 20220129T080337+0000

Record Last Update: 20260731T043026+0000

Ratings and Alerts

No rating or validation information has been found for Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility.

No alerts have been found for Northwestern University Jerome B. Cohen X-ray Diffraction Core Facility.
