Proper Citation: University of California Davis Advanced Materials Characterization and Testing Laboratory Core Facility (RRID:SCR_023444)

Description: Provides electron microscopes, including aberration-corrected scanning transmission electron microscopes for characterization of hard and soft materials. Provides sample preparation equipment, high-resolution x-ray diffractometer, and different optical microscopes and image analysis software.

Abbreviations: AMCaT

Synonyms: University of California, Advanced Materials Characterization and Testing Laboratory, Davis Advanced Materials Characterization and Testing Laboratory

Resource Type: core facility, access service resource, service resource

Keywords: USEDit, ABRF, electron microscope, aberration-corrected scanning transmission electron microscopes, hard and soft materials characterization,

Availability: Open

Resource Name: University of California Davis Advanced Materials Characterization and Testing Laboratory Core Facility
