

Resource Summary Report

Generated by PRECISE-TBI on Jul 31, 2026

Louisiana State University in Shreveport Research Core Facility

RRID:SCR_024775

Type: Tool

Proper Citation

Louisiana State University in Shreveport Research Core Facility (RRID:SCR_024775)

Resource Information

URL: <https://research.lsuhs.edu/cores/research-core-facilities>

Proper Citation: Louisiana State University in Shreveport Research Core Facility (RRID:SCR_024775)

Description: Core provides access to research services, educational and training opportunities, and technologies including cellular metabolism, flow cytometry, fluorescence, confocal, super resolution confocal microscopy, next generation sequencing, and real-time PCR. Provides assistance with all aspects of these technologies, including experimental design, protocol optimization, instrument operation, and data analysis.

Abbreviations: RCF

Synonyms: Research Core Facility

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, cellular metabolism, flow cytometry, fluorescence, confocal microscopy, super resolution confocal microscopy, next generation sequencing, RT PCR,

Availability: Open

Resource Name: Louisiana State University in Shreveport Research Core Facility

Resource ID: SCR_024775

Alternate IDs: ABRF_2566

Alternate URLs: <https://coremarketplace.org/?FacilityID=2566&citation=1>

Record Creation Time: 20231212T050231+0000

Ratings and Alerts

No rating or validation information has been found for Louisiana State University in Shreveport Research Core Facility.

No alerts have been found for Louisiana State University in Shreveport Research Core Facility.

Data and Source Information
