Proper Citation: Health Level Seven International (RRID:SCR_000466)

Description: ANSI-accredited standards developing organization providing a comprehensive framework and related standards for the exchange, integration, sharing, and retrieval of electronic health information that supports clinical practice and the management, delivery and evaluation of health services. HL7's 2,300+ members include approximately 500 corporate members who represent more than 90% of the information systems vendors serving healthcare. HL7 provides standards for interoperability that improve care delivery, optimize workflow, reduce ambiguity and enhance knowledge transfer among all of their stakeholders, including healthcare providers, government agencies, the vendor community, fellow SDOs and patients.
