Wake Forest Primate Center (RRID:SCR_000645)

Resource Information

URL: <http://www.wakehealth.edu/WFUPC/>

Proper Citation: Wake Forest Primate Center (RRID:SCR_000645)

Description: A research center whose primary functions are research, training, and outreach using nonhuman primates to study six of the ten major causes of death in the United States. Educational training includes programs designed to teach both pre- and postdoctoral veterinarians how to conduct biomedical research. Scientific outreach extends to investigators at Wake Forest School of Medicine and across the nation who require expertise, infrastructure, and monkeys to be used in studies that advance human health and well-being.

Abbreviations: WFPC, WFUPC

Synonyms: Wake Forest University Primate Center

Resource Type: organism-related portal, outreach program, portal, training resource, topical portal, data or information resource, postdoctoral program resource

Keywords: organism related portal, training resource, community outreach program, animal model, non human primate, research, behavioral medicine, cancer, cardiovascular health, development, diabetes, substance abuse, women's health, chlorocebus aethiops, long-tailed macaque
