imcalc: SPM batch image calculator

RRID:SCR_000868

Type: Tool

Proper Citation

imcalc: SPM batch image calculator (RRID:SCR_000868)

Resource Information

URL: <https://www.nitrc.org/projects/imcalc/>

Proper Citation: imcalc: SPM batch image calculator (RRID:SCR_000868)

Description: A collection of functions with batch functionality for SPM: * user entered expression (one set of volumes); * binarize non-zero voxels; * binarize/threshold each image; * binarize non-zero voxels, sum, rebinarize; * voxelwise calculations on pairs (add sub mult div ... etc.); * flip sign of all non-zero voxels; * x-flip image along y = 0; * mask images to a template; * T-to-Z transform; * Winsorize (cap) extreme values; * Z-score transform of image relative to its global mean and SD; * write single voxels to a .nii; * create a cluster image; * split cluster image into constituent images; * write hemisphere masks from template; * homotopic calculations; * replace zeros with __; * pad image with extra voxels;

Abbreviations: imcalc

Synonyms: SPM batch image calculator, SPM batch image calculator (imcalc)

Resource Type: data processing software, image analysis software, software application, software resource, software toolkit

Keywords: magnetic resonance, statistical operation, batch functionality, spm

Availability: Free, Freely available

Resource Name: imcalc: SPM batch image calculator

Resource ID: SCR_000868

Alternate IDs: nlx_155854

License: GNU General Public License

Record Creation Time: 20220129T080204+0000

Ratings and Alerts

No rating or validation information has been found for imcalc: SPM batch image calculator.

No alerts have been found for imcalc: SPM batch image calculator.

Data and Source Information
