National Center for Image-Guided Therapy

RRID:SCR_001419

Type: Tool

Proper Citation

National Center for Image-Guided Therapy (RRID:SCR_001419)

Resource Information

URL: <http://www.ncigt.org/>

Proper Citation: National Center for Image-Guided Therapy (RRID:SCR_001419)

Description: Biomedical Technology Resource Center that serves as a national resource for all aspects of research into medical procedures that are enhanced by imaging. Its common goal is to provide more effective patient care. The center is focused on the multidisciplinary development of innovative image-guided intervention technologies to enable effective, less invasive clinical treatments that are not only more economical, but also produce better results for patients. The NCIGT is helping to implement this vision by serving as a proving ground for some of the next generation of medical therapies.

Abbreviations: NCIGT

Synonyms: National Center for Image Guided Therapy

Resource Type: biomedical technology research center, training resource

Keywords: clinical, patient care, imaging, medical procedure

Funding: NIBIB P41EB015898

Availability: Free, Freely Available

Resource Name: National Center for Image-Guided Therapy

Resource ID: SCR_001419

Alternate IDs: nlx_152641

Record Creation Time: 20220129T080207+0000

Record Last Update: 20260905T133321+0000

Ratings and Alerts

No rating or validation information has been found for National Center for Image-Guided Therapy.

No alerts have been found for National Center for Image-Guided Therapy.
