ATCC

RRID:SCR_001672

Type: Tool

Proper Citation

ATCC (RRID:SCR_001672)

Resource Information

URL: <http://www.atcc.org/>

Proper Citation: ATCC (RRID:SCR_001672)

Description: Global nonprofit biological resource center (BRC) and research organization that provides biological products, technical services and educational programs to private industry, government and academic organizations. Its mission is to acquire, authenticate, preserve, develop and distribute biological materials, information, technology, intellectual property and standards for the advancement and application of scientific knowledge. The primary purpose of ATCC is to use its resources and experience as a BRC to become the world leader in standard biological reference materials management, intellectual property resource management and translational research as applied to biomaterial development, standardization and certification. ATCC characterizes cell lines, bacteria, viruses, fungi and protozoa, as well as develops and evaluates assays and techniques for validating research resources and preserving and distributing biological materials to the public and private sector research communities.

Abbreviations: ATCC

Synonyms: ATCC: The Global Bioresource Center, American Type Culture Collection, ATCC(dna), ATCC(in host)

Resource Type: commercial organization

Keywords: biomaterial, cell line, culture, microorganism, proteomics, protozoa, tissue, bacteria, virus, fungus, standardization, molecular genomics, reagent, yeast, microbial culture, stem cell, dna, FASEB list

Availability: Free, Freely Available

Resource Name: ATCC

Resource ID: SCR_001672

Alternate IDs: ISNI: 0000 0001 2161 7948, Wikidata: Q2843042, grid.281196.5, nif-0000-10159

Alternate URLs: <https://ror.org/03thhhv76>

Record Creation Time: 20220129T080208+0000

Record Last Update: 20260919T194944+0000

Ratings and Alerts

No rating or validation information has been found for ATCC.

No alerts have been found for ATCC.
