Conserved Domain Database

RRID:SCR_002077

Type: Tool

Proper Citation

Conserved Domain Database (RRID:SCR_002077)

Resource Information

URL: <http://www.ncbi.nlm.nih.gov/cdd>

Proper Citation: Conserved Domain Database (RRID:SCR_002077)

Description: Database of annotations of functional units in proteins including multiple sequence alignment models for ancient domains and full-length proteins. This collection of models includes 3D structures that display the sequence/structure/function relationships in proteins. It also includes alignments of the domains to known three-dimensional protein structures in the MMDB database. The source databases are Pfam, Smart, and COG. Users can identify amino acids in protein sequences with the resources available as well as view single sequences embedded within multiple sequence alignments.

Abbreviations: CDD

Synonyms: Conserved Domains Database, Conserved Domains

Resource Type: data or information resource, database

Defining Citation: [PMID:25414356](#), [PMID:18984618](#)

Keywords: protein, amino acid sequence, nucleic acid, 3d structure, annotation, function, sequence, structure, amino acid, gold standard

Resource Name: Conserved Domain Database

Resource ID: SCR_002077

Alternate IDs: nif-0000-02647, r3d100010653

Alternate URLs: <http://www.ncbi.nlm.nih.gov/sites/entrez?db=cdd>

Record Creation Time: 20220129T080211+0000

Record Last Update: 20260905T133115+0000

Ratings and Alerts

No rating or validation information has been found for Conserved Domain Database.

No alerts have been found for Conserved Domain Database.
