St. Louis University Alzheimer's Brain Bank (RRID:SCR_005132)

Resource Information

URL: <http://www.slu.edu/x23032.xml>

Proper Citation: St. Louis University Alzheimer's Brain Bank (RRID:SCR_005132)

Description: A brain bank which provides brain tissue for interdisciplinary research in neurochemical, anatomical, epidemiological and clinical aspects of Alzheimer's disease. It provides brain tissue from Alzheimer's patients and healthy elderly brain donors to investigators who are helping further the understanding of Alzheimer's disease through research. It also gives family members of Alzheimer's patients the opportunity to obtain a confirmed diagnosis through brain autopsy. Through this program, families of individuals with either a clinical diagnosis, or those with suspected Alzheimer's disease, grant permission for a brain autopsy to be performed immediately after death.

Synonyms: SLU Brain Bank, Saint Louis University Alzheimer's Brain Bank, Saint Louis University Medical Center Alzheimer's Disease Brain Bank

Resource Type: biomaterial supply resource, brain bank, material resource, tissue bank

Keywords: brain bank, alzheimer's disease, normal control, dementia, brain tissue, autopsy, healthy donor, material storage repository

Related Condition: Alzheimer's disease, Dementia

Funding: alz.org

Availability: Public, Available to the research community

Resource Name: St. Louis University Alzheimer's Brain Bank

Resource ID: SCR_005132

Alternate IDs: nlx_144152

Record Creation Time: 20220129T080228+0000

Record Last Update: 20260905T132530+0000
