Proper Citation: University of Barcelona Statistics and Bioinformatics Research Group
(RRID:SCR_005704)

Description: The Statistics and Bioinformatics research group has as its main objectives the development of methods and tools to deal with problems appearing in the interface between Statistics and Bioinformatics. We started focusing in DNA microarrays but we are also interested in statistical methods for "omics" data integration and next generation sequencing (NGS). Our group collaborates with different research groups in the fields of biology and biomedicine, to whom it offers statistical support for problems which are specifically statistic in nature, such as experimental design or microarray data analysis, and also in more general aspects, such as modeling, analysis or data mining. After a first period of collaboration agreements with the Fundaci?? Vall d'Hebr??n Institut de Recerca we contributed to the creation of the Statistics and Bioinformatics Unit (UEB) which provides statistical and bioinformatical support to VHIR researchers.

Abbreviations: UB Statistics and Bioinformatics Research Group

Synonyms: University of Barcelona Statistics Bioinformatics Research Group

Resource Type: analysis service resource, data analysis service, data or information resource, portal, production service resource, service resource, topical portal

Keywords: statistics, bioinformatics, next generation sequencing, dna microarray, dna, microarray, biology, biomedicine, data mining, modeling, analysis

Resource Name: University of Barcelona Statistics and Bioinformatics Research Group

Resource ID: SCR_005704

Alternate IDs: nlx_149154

Record Creation Time: 20220129T080232+0000

Record Last Update: 20260905T132540+0000

Ratings and Alerts

No rating or validation information has been found for University of Barcelona Statistics and Bioinformatics Research Group.

No alerts have been found for University of Barcelona Statistics and Bioinformatics Research Group.
