deepSNV

RRID:SCR_006214

Type: Tool

Proper Citation

deepSNV (RRID:SCR_006214)

Resource Information

URL: <http://www.bioconductor.org/packages/devel/bioc/html/deepSNV.html>

Proper Citation: deepSNV (RRID:SCR_006214)

Description: Software package that provides quantitative variant callers for detecting subclonal mutations in ultra-deep ($\geq 100\times$ coverage) sequencing experiments. The algorithm is used for a comparative setup with a control experiment of the same loci and uses a beta-binomial model and a likelihood ratio test to discriminate sequencing errors and subclonal SNVs (single nucleotide variants).

Abbreviations: deepSNV

Synonyms: deepSNV - Detection of subclonal SNVs in deep sequencing experiments

Resource Type: software resource

Defining Citation: [PMID:24443148](#)

Keywords: data import, genetic variability, genetics, snp, sequencing, single nucleotide variant, bio.tools

Availability: GNU General Public License, v3

Resource Name: deepSNV

Resource ID: SCR_006214

Alternate IDs: OMICS_02239, biotools:deepsnv

Alternate URLs: <https://bio.tools/deepsnv>

Record Creation Time: 20220129T080234+0000

Record Last Update: 20260905T132549+0000

Ratings and Alerts

No rating or validation information has been found for deepSNV.

No alerts have been found for deepSNV.
