Type: Tool

Proper Citation

Maryland Genetics of Interstitial Cystitis (RRID:SCR_006992)

Resource Information

URL: <http://clinicaltrials.gov/show/NCT00237081>

Proper Citation: Maryland Genetics of Interstitial Cystitis (RRID:SCR_006992)

Description: Clinical study that investigated several hundred families with two or more blood relatives with interstitial cystitis in order to understand the molecular genetic basis of this condition. The study sought to find changes in genes that are found far more commonly in family members who have interstitial cystitis than in those who do not have the disease. Identifying these genes should lead to a better understanding of the cause of interstitial cystitis. This is a national study which is conducted by telephone and mail, and in which participants could participate entirely from their home.

Abbreviations: MaGIC

Synonyms: Maryland Genetics of Interstitial Cystitis (MaGIC)

Resource Type: clinical trial, resource

Keywords: male, female, adolescent, adult human, genetics, risk factor, family history, bladder, pain, observational

Related Condition: Interstitial cystitis

Funding: NIDDK

Resource Name: Maryland Genetics of Interstitial Cystitis

Resource ID: SCR_006992

Alternate IDs: nlx_152843

Old URLs: <http://icresearch.umaryland.edu/magic.aspx>

Record Creation Time: 20220129T080239+0000

Record Last Update: 20260905T133327+0000
