Proper Citation: SDSC Biology Workbench (RRID:SCR_007188)

Description: The Biology WorkBench is a web-based tool for biologists. The WorkBench allows biologists to search many popular protein and nucleic acid sequence databases. Database searching is integrated with access to a wide variety of analysis and modeling tools, all within a point and click interface that eliminates file format compatibility problems. Register for a free account.

Synonyms: Biology Workbench

Resource Type: data or information resource, database, service resource
