Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage

RRID:SCR_007235

Type: Tool

Proper Citation

Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage
(RRID:SCR_007235)

Resource Information

URL: <http://www.crash2.lshtm.ac.uk>

Proper Citation: Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage
(RRID:SCR_007235)

Description: This is a trial for a large randomised placebo controlled trial among trauma patients with, or at risk of, significant haemorrhage, of the effects of antifibrinolytic treatment on death and transfusion requirement. Sponsors: This resource is supported by UK NIHR Health Technology Assessment programme, Pfizer, BUPA Foundation, and J P Moulton Charitable Foundation. Keyowrds: Trial, Placebo, Drug, Trauma, Haemorrhage, Antifibrinolytic, Treatment, Death, Transfusion,

Synonyms: Crash-2

Resource Type: data or information resource, experimental protocol, narrative resource, portal, topical portal

Resource Name: Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage

Resource ID: SCR_007235

Alternate IDs: nif-0000-30275

Record Creation Time: 20220129T080240+0000

Record Last Update: 20260919T195126+0000

Ratings and Alerts

No rating or validation information has been found for Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage.

No alerts have been found for Clinical Randomisation of an Antifibrinolytic in Significant Haemorrhage.
