Proper Citation: SUNY Stony Brook Department of Neurology Stony Brook NY (RRID:SCR_007479)

Description: The Department of Neurology has a commitment to teaching, clinical care, and research. They include divisions of Clinical Neurophysiology (with training in EEG and EMG, including inpatient and outpatient monitoring facilities, intraoperative monitoring, and access to a sleep laboratory), Neuropsychology (both adult and pediatrics), Child Neurology (including special interest groups in Epilepsy, Developmental Disabilities, Pediatric AIDS, and Autism), and Vascular Neurology (with an accredited training program, board certified faculty, close cooperation with Vascular Surgery, Interventional Radiology, and Cardiology, and an emphasis on clinical trials and neuroimaging research). They have a very strong program in Multiple Sclerosis/Neuroimmunology (including multiple clinical trials, Neuroimaging research, the only Pediatric MS Center in the country, and a focus on gender issues in MS). They also have strong programs in Neuromuscular Disease (with a particular interest in ALS, and nerve/muscle biopsies), Neurologic Infections (with a particular interest in emerging pathogens), Parkinson's Disease, Neurorehabilitation, and Behavioral Neurology.
