Metagenomes Used in The Statistical Analysis

RRID:SCR_008483

Type: Tool

Proper Citation

Metagenomes Used in The Statistical Analysis (RRID:SCR_008483)

Resource Information

URL: <http://www.theseed.org/DinsdaleSupplementalMaterial/>

Proper Citation: Metagenomes Used in The Statistical Analysis (RRID:SCR_008483)

Description: his table shows the metadata and links to sources of the data and citations associated with the publicly available metagenome sequences used in the Dinsdale, Edwards, et al., analysis of 87 different metagenomes. The links will take you to the annotated sequences in the metagenomics SEED, CAMERA, and the NCBI Short Read Archive. Please note that all metagenomes are currently available to download via the ftp links, some are available in the meta-RAST, and other links will be added as soon as they become available. Citations for individual metagenomes will also be added as and when they become available. DNA sequences for all metagenomes are available via anonymous FTP. Sponsor. This project was supported by the Gordon and Betty Moore Foundation Marine Microbial Initiative, National Science Foundation grants (F.R. and D.L.V.), a Department of Commerce ATP grant (F.R.), a National Research Initiative Competitive Grant from the USDA Cooperative State Research, Education and Extension Service (B.W.), the National Institute of Allergy and Infectious Diseases, the National Institutes of Health and the Department of Health and Human Services (R.S.).

Synonyms: Metagenomes

Resource Type: software resource

Resource Name: Metagenomes Used in The Statistical Analysis

Resource ID: SCR_008483

Alternate IDs: nif-0000-30453

Record Creation Time: 20220129T080247+0000

Record Last Update: 20260919T195140+0000

Ratings and Alerts

No rating or validation information has been found for Metagenomes Used in The Statistical Analysis.

No alerts have been found for Metagenomes Used in The Statistical Analysis.
