Proper Citation: GeneTraffic (RRID:SCR_008651)

Description: GeneTraffic is a web-based microarray data analysis and management software developed by lobion Informatics that allows users to log onto a server, upload their microarray data and perform analysis and project management remotely. GeneTraffic was made by lobion Informatics (now under Stratagene) and can be accessed thorough Internet Explorer 6.0 or greater on Windows XP.

Resource Type: data analysis software, data management software, data processing software, software application, software resource

Keywords: gene, data, management, microarray, software

Resource Name: GeneTraffic

Resource ID: SCR_008651

Alternate IDs: nif-0000-33028

Record Creation Time: 20220129T080248+0000

Record Last Update: 20260919T195143+0000
