Description: COS mirrors grants.gov and several other funding resources. There may soon be some conditions for access the data. It also allows users to advertise their funding opportunities. COS is the leading global resource for hard-to-find information critical to scientific research and other projects across all disciplines. We aggregate valuable information so you spend less precious time and money searching for the information you need, leaving you more time and money for your projects. Find funding with COS Funding Opportunities: search the world's most comprehensive funding resource, with more than 25,000 records worth over \$33 billion. COS Expertise profiles and profile tools will no longer be available beginning January 18, 2012. Profiles will be available on COS Pivot, the new tool for connecting to funding and collaborators. The COS Funding Opportunities database includes announcements of grants, prizes and other funding available to researchers, educators and students, professionals, nonprofit organizations, and businesses such as faculty or medical staff spin-offs. * More than 25,000 records representing over \$33 billion in funding. * Opportunities by sponsors throughout the world for recipients throughout the world. * Sponsors include private foundations, public agencies, national and local governments, corporations and more. * Monies available for work in all disciplines physical sciences, social sciences, life sciences, health & medicine, arts & humanities. * Funding for many purposes, such as research, collaborations, travel, curriculum development, conferences, fellowships, postdoctoral positions, equipment acquisitions, capital or operating expenses. * Updated daily, all information verified with sponsor, edited for consistency and optimized for accurate searching. If you would like to promote your institution's funding opportunities, have them listed in our COS Funding Opportunities database.
