Index Fungorum

RRID:SCR_008975

Type: Tool

Proper Citation

Index Fungorum (RRID:SCR_008975)

Resource Information

URL: <http://www.indexfungorum.org/names/names.asp>

Proper Citation: Index Fungorum (RRID:SCR_008975)

Description: International project database indexing all formal names (scientific names) in the Fungi Kingdom. Index Fungorum provides Life Science Identifiers (LSIDs) for records in its database and indicates the status of a name. In the returns from the search page a currently correct name is indicated in green, while others are in blue (a few, aberrant usages of names are indicated in red). All names are linked to pages giving the correct name, with lists of synonyms. Index Fungorum provides a SOAP protocol web service for searching its database and retrieving records. A WSDL file describing the services is available. (adapted from Wikipedia)

Abbreviations: Index Fungorum

Resource Type: data access protocol, data or information resource, data repository, database, service resource, software resource, storage service resource, web service

Keywords: life science identifier, nomenclature, scientific name, FASEB list

Availability: Free, Non-commercial, Acknowledgement required, The community can contribute to this resource

Resource Name: Index Fungorum

Resource ID: SCR_008975

Alternate IDs: nlx_152066

Record Creation Time: 20220129T080250+0000

Record Last Update: 20260905T132631+0000

Ratings and Alerts

No rating or validation information has been found for Index Fungorum.

No alerts have been found for Index Fungorum.
