National Geophysical Data Center

RRID:SCR_009429

Type: Tool

Proper Citation

National Geophysical Data Center (RRID:SCR_009429)

Resource Information

URL: <http://www.ngdc.noaa.gov/>

Proper Citation: National Geophysical Data Center (RRID:SCR_009429)

Description: National Data Center that provides scientific stewardship, products, and services for geophysical data from sea floor and solid earth environments, including Earth observations from space. Please note that routine underway geophysical shipboard data collected with standard equipment aboard the UNOLS fleet (e.g. bathymetry, subbottom, magnetics, gravity) are routinely transmitted to NGDC via Rolling Deck to Repository (R2R).

Abbreviations: NGDC

Resource Type: data or information resource, organization portal, portal, service resource

Keywords: geophysics, sea floor, solid earth, bathymetry, subbottom, magnetics, gravity

Resource Name: National Geophysical Data Center

Resource ID: SCR_009429

Alternate IDs: nlx_154716

Record Creation Time: 20220129T080252+0000

Record Last Update: 20260905T132632+0000

Ratings and Alerts

No rating or validation information has been found for National Geophysical Data Center.

No alerts have been found for National Geophysical Data Center.

Data and Source Information

Usage and Citation Metrics

We found 46 mentions in open access literature.

Listed below are recent publications. The full list is available at [PRECISE-TBI](#) .
