ADJUST

RRID:SCR_009526

Type: Tool

Proper Citation

ADJUST (RRID:SCR_009526)

Resource Information

URL: <http://www.unicog.org/pm/pmwiki.php/MEG/RemovingArtifactsWithADJUST>

Proper Citation: ADJUST (RRID:SCR_009526)

Description: A completely automatic algorithm for artifact identification and removal in EEG data. ADJUST is based on Independent Component Analysis (ICA), a successful but unsupervised method for isolating artifacts from EEG recordings. ADJUST identifies artifacted ICA components by combining stereotyped artifact-specific spatial and temporal features. Features are optimised to capture blinks, eye movements and generic discontinuities. Once artifacted IC are identified, they can be simply removed from the data while leaving the activity due to neural sources almost unaffected.

Abbreviations: ADJUST

Synonyms: ADJUST - EEG Automatic Artifact Removal, ADJUST: automatic algorithm for EEG artifact removal

Resource Type: software resource

Defining Citation: [PMID:20636297](#)

Keywords: eeg, meg, electrocorticography, matlab, os independent

Availability: GNU General Public License

Resource Name: ADJUST

Resource ID: SCR_009526

Alternate IDs: nlx_155689

Alternate URLs: <http://www.nitrc.org/projects/adjust>

Record Creation Time: 20220129T080253+0000

Ratings and Alerts

No rating or validation information has been found for ADJUST.

No alerts have been found for ADJUST.
