Description: An independent public foundation of the State of Baden-Wuerttemberg associated with the University of Heidelberg, that is one of Europe's premier research institutions dedicated to mental health. The CIMH combines a clinical inpatient (300 beds) and outpatient program in adult psychiatry, addiction, childhood and adolescent psychiatry and psychotherapy with outstanding research facilities, including two dedicated research fMRI scanners (currently 1.5 Ts and 3 Ts, from next summer 2 3 Ts magnets), an 9.4 Ts animal fMRI scanner, high-throughput facilities for genotyping and molecular biology, neuropsychology and an extensive transgenic animal (both mice and rats) and animal behavior assessment facility.
