

Resource Summary Report

Generated by PRECISE-TBI on Sep 9, 2026

National Institute of Biomedical Imaging and Bioengineering

RRID:SCR_011422

Type: Tool

Proper Citation

National Institute of Biomedical Imaging and Bioengineering (RRID:SCR_011422)

Resource Information

URL: <http://www.nibib.nih.gov/>

Proper Citation: National Institute of Biomedical Imaging and Bioengineering (RRID:SCR_011422)

Description: National institute to improve health by leading the development and accelerating the application of biomedical technologies. The Institute is committed to integrating the physical and engineering sciences with the life sciences to advance basic research and medical care. This is achieved through: research and development of new biomedical imaging and bioengineering techniques and devices to fundamentally improve the detection, treatment, and prevention of disease; enhancing existing imaging and bioengineering modalities; supporting related research in the physical and mathematical sciences; encouraging research and development in multidisciplinary areas; supporting studies to assess the effectiveness and outcomes of new biologics, materials, processes, devices, and procedures; developing technologies for early disease detection and assessment of health status; and developing advanced imaging and engineering techniques for conducting biomedical research at multiple scales.

Abbreviations: NIBIB

Synonyms: National Institute of Biomedical Imaging and Bioengineering

Resource Type: institution

Resource Name: National Institute of Biomedical Imaging and Bioengineering

Resource ID: SCR_011422

Alternate IDs: grid.280347.a, nlx_inv_1005103, Crossref funder ID: 100000070, Wikidata: Q6973612, ISNI: 0000 0004 0533 5934

Alternate URLs: <https://ror.org/00372qc85>

Record Creation Time: 20220129T080304+0000

Record Last Update: 20260905T132703+0000

Ratings and Alerts

No rating or validation information has been found for National Institute of Biomedical Imaging and Bioengineering.

No alerts have been found for National Institute of Biomedical Imaging and Bioengineering.
