Clone Manager Software

RRID:SCR_014521

Type: Tool

Proper Citation

Clone Manager Software (RRID:SCR_014521)

Resource Information

URL: http://www.scied.com/pr_cmbas.htm

Proper Citation: Clone Manager Software (RRID:SCR_014521)

Description: A software system to assist with cloning simulation, enzyme operations, and graphic map drawing. Clone Manager can also be used as a way to view or edit sequence files, find open reading frames, translate genes, or find genes or text in files. Clone Manager Professional is an upgraded version of Clone Manager Basic., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Resource Type: data processing software, simulation software, software application, software resource, workflow software

Keywords: workflow software, simulation software, enzyme, clone, cloning simulation, graphic map, sequence, view, edit

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Clone Manager Software

Resource ID: SCR_014521

License: Varies based on number of users

Record Creation Time: 20220129T080320+0000

Record Last Update: 20260905T132747+0000

Ratings and Alerts

No rating or validation information has been found for Clone Manager Software.

No alerts have been found for Clone Manager Software.

Data and Source Information
